**HBR Guide to Buying a Small Business** Richard S. Ruback, Royce Yudkoff, 2017-01-17 Think big, buy small. Are you looking for an alternative to a career path at a big firm? Does founding your own start-up seem too risky? There is a radical third path open to you: You can buy a small business and run it as CEO. Purchasing a small company offers significant financial rewards—as well as personal and professional fulfillment. Leading a firm means you can be your own boss, put your executive skills to work, fashion a company environment that meets your own needs, and profit directly from your success. But finding the right business to buy and closing the deal isn't always easy. In the HBR Guide to Buying a Small Business, Harvard Business School professors Richard Ruback and Royce Yudkoff help you: Determine if this path is right for you Raise capital for your acquisition Find and evaluate the right prospects Avoid the pitfalls that could derail your search Understand why a dull business might be the best investment Negotiate a potential deal with the seller Avoid deals that fall through at the last minute

**Rocking Your Role** Jenny Garrett, 2012 This book goes beneath the surface of what it means to be the Female Breadwinner and drags women kicking and screaming out of the closet. Why? Because, being the Female Breadwinner can fundamentally challenge women's identity. It is the trigger, catalyst and cause for many complex issues that women have to manage. For a successful family life and career, women must address and examine these internal challenges for their physical, mental and spiritual well-being. Find out: where your guilt button is and who is pressing it, what you love about being breadwinner that you were afraid to admit, how you tackle the thorny subject of money, how to cure yourself of Superwoman Syndrome

**Community Economic Development in Social Work** Steven D. Soifer,Joseph B. McNeely,Cathy Costa,Nancy Pickering-Bernheim,2014-11-18 Community economic development (CED) is an increasingly essential factor in the revitalization of low- to moderate-income communities. This cutting-edge text explores the intersection of CED and social work practice, which both focus on the well-being of indigent communities and the empowerment of individuals and the communities in which they live. This unique textbook emphasizes a holistic approach to community building that combines business and real-estate development with a focus on stimulating family self-reliance and community empowerment. The result is an innovative approach to rehabilitating communities in decline while preserving resident demographics. The authors delve deep into the social, political, human, and financial capital involved in effecting change and how race and regional issues can complicate approaches and outcomes. Throughout, they integrate case examples to illustrate their strategies and conclude with a consideration of the critical role social workers can play in developing CED's next phase.
